By Daniel G. Nolett, Executive Director

Kwaï W8banakiak,

I am pleased to present the 2013-2014 Annual Report for the activities from the various sectors of the Abenakis of Odanak Council. You will also find the condensed financial statements at the end. We had another great year. Enjoy your reading.

Here’s a retrospective of the administration files.

Administration

We began, Council members and management, a prioritization exercise in February. This exercise is still ongoing as I write these words. It will lead to the development of a new strategic plan which expired on March 31. Our new strategic plan will cover 2014 to 2019. The new five-year strategic plan will take into account current and anticipated future needs in Odanak. We will have to consider the impacts of Bill C-3. As of March 31 this year, we have nearly 400 new status members on our Band list.

Bill C-3/Challenge – Section 6

The law firm with Mr. Dionne and Mr. Schulze from Montreal are our attorneys in this case. Our motion is ready, AANDC has requested time to prepare theirs. We recently received confirmation from our attorneys that the case will finally be heard in early 2015. Bill C-3 covers and corrects about 85% of cases of discrimination under Section 6 of the Indian Act relating to persons entitled to registration for our Nation.

So there are 15% of cases of discrimination for the Abenakis who are not covered by Bill C-3 and for whom we are continuing our fight in the Courts. Our case should be heard by the Court at the beginning of 2015.

Police Services

The funding agreement for our police services was renewed for four years last March. It will be valid until March 31, 2018. Government Departments (Public Safety Canada and Public Safety Quebec) are providing an increase of approximately 1.5% on our payroll. This results in an increase of nearly $6,000 per year over the four years.

Capital and Infrastructure

A new building with 4 one-bedroom units (3½) was built on Managuan street. These apartments are to meet the housing needs of community members. The building cost $300,000. Landscaping and the parking lot have yet to be completed.

We built an extension to the community centre to have a kitchen and additional storage space. The costs to the date totals approximately $150,000. There is still work to be done for cabinets and additional storage space in the kitchen for future projects such as community kitchens and meals-on-wheels. Also, a drop-off area will also be constructed at the rear to facilitate the delivery and access to the kitchen. The exterior walls will be painted as soon as weather permits.
We purchased a new pick-up truck for public works and a new tractor for snow removal. Communities have access to AANDC funding. Every five years we are allocated amounts for the purchase of vehicles to assist with operations and maintenance. These purchases are eligible for these grants. However, we should receive this funding in 2014-2015.

The deed of sale and transfer of CN land was signed last December between the AANDC and the CN. As I write these words, CN land has now become federal land. The government now has to convert this land into reserve land; which should be done in the coming year.

There has been asphalt patch work done on secondary streets. The MTQ has also done some patching on Waban-Aki street (and there should be more over the next few weeks).

We will soon begin work for the construction of a new administration office building. Estimates for this work totals around 1.3 to 1.6 million dollars. As with the purchase of vehicles, communities have access to an amount of $200,000. We have access to a grant amount of $200,000 from AANDC.

**Miscellaneous**

The First Nations Executive Directors' Forum (Band Councils), the Tribal Councils and regional organizations under the auspices of the AFNQL, meet twice a year. We collaborate closely with AANDC. We therefore closely monitor the changes and program updates concerning First Nations of Quebec issues.

I am a member of the executive committee of The First Nations Executive Directors, along with:

- Fabien Paul, Executive Director of the Mashteuiatsh community;
- Lionel Picard, Executive Director of the Mamuitun Tribal Council;
- Clément Bernard, Executive Director of the Micmacs of Gesgapegiag Council;
- Norm Odjick, Executive Director of the Algonquin Nation of Anishinabeg;
- Raymond Picard, Huron-Wendat Nation Council;
- Vacant: Atikamekw Nation.

I also sit on the Board of the Native Commercial Credit Corporation (SOCCA). SOCCA's mission is to provide, in partnership with other Aboriginal and non-Aboriginal financial institutions, advice and adapted financial services meeting the needs and expectations of First Nations of Quebec. We have four to five Board meetings per year.

In closing, I would like to acknowledge the outstanding work by the entire team; whether the administration office, the Health Centre, the Environment and Land Office, Public Works and the Abenaki Police Force. The team is dedicated and committed to serving community members professionally.

Wigen!

---

**Daniel G. Nolett**

Executive Director
By Michel Durand Nolett, Land Manager Odanak Environment and Land Office

In 2013-2014, 22 lot transfers were made along with several corrections to regularize the existing files.

CN file:
I received in early May from Aboriginal Affairs and Northern Development Canada confirmation that the Canadian National Railway (CN) had transferred to the Crown all of the land called CN.

Other files:
• Continuing 2013-2014 sturgeon project, preparing new project.
• Creation of a green residue disposal site.
• Prepare development plan for yellow perch.
• Cleaning day (Distribution of barrels for recovering rainwater).
• Cleaning of Tolba trail, recuperating trees that have fallen from the wind.
• Management of dead leaves.
• Secure the HHW site (Household Hazardous Waste).
• Involved in several consultations (Technical support at the Grand Conseil territorial consultations department).

In February the land manager received training on the ILRS software (Indian Lands Registry System) for the identifying lots. In March training was followed concerning designation.
• The Band Council now has a plant material disposal site.
• Delimited the two "domains" identification stakes.
• On Île-Ronde, acquisition of the property owned by Hosanna is in progress.
• The Council has also acquired a property on Tolba street : lots 1217-112-2 et 1217-112-3.

Do not hesitate to communicate with your Land Manager for any questions about your file. Localization of markers is very important prior to any excavation work on your lot.

Thank you for your cooperation.

Michel Durand Nolett
Land Manager
Odanak Environment and Land Office
2013-2014 Economic Development

- A new building with four 1-bedroom (3½) units was built. This construction has helped meet a growing need in the community. These units are currently all rented.

- Monitoring of the two companies belonging to the community (restaurant and laundromat).

- The implementation of a comprehensive recovery plan and application for funding for a community business.

- Preparation of an activity in order to promote economic development and tourism.

- Companies and self-employed workers were approached to set-up their business in Odanak: two service offers were tabled; no agreement has been reached yet.

- Several individual information sessions about starting a business in and outside the community.

- Meetings were held with various promoters (3) for business projects.

- Referral service for promoters requiring this service.

- Monitoring service and transfer of strategic information based on the needs of entrepreneurs.

- Updating of an English business plan

- Updating of tools for monitoring companies funded.

- Working in partnership with the LFNCs in Self-employment assistance projects.

- Technical and/or financial assistance to businesses or self-employed individuals. Three other projects are currently in progress.
ANNUAL REPORT 2013-2014

ECONOMIC DEVELOPMENT SERVICES

By Sylvie Desbois, Director of the local employment office, responsible for economic development and habitation

• Organizing a meeting between the NCCC and 3 promoters.

• Organizing a meeting between two businesses in the community and the Centre-du-Québec International. An organization specializing in export.

• Meeting and discussion with other economic stakeholders in the region (SADC, CLD, Emploi Québec, etc).

• Three training sessions with the FNQLEDC in Montreal and Wendake regarding taxation and entrepreneurship.

On schedule for 2014-2015

• Strategic planning for the next 5 years.
  • Develop prospecting tools.
  • Explore and evaluate tourism and cultural economic projects
  • Develop an information document tailored to the Abenaki of Odanak people wishing to start a business in or outside the community.
  • Establish a job fair.

Sylvie Desbois
Director of the local employment office
Responsible for economic development
By Ann Landry, Socio-Economic Assistance Officer

Mission of the sector

Provide last resort financial assistance for members of the Odanak community who do not have sufficient resources to meet their needs.

Promote the integration of community members (employable) in the labour market through training, development of employability and employment support programs.

Allow those unable to work to have access to adequate financial resources and professional services tailored to their personal situation.

Combat dependence on income security and underemployment in Odanak.

Participate in various community-based projects.

- Attend training and information sessions for the purpose of applying the First Nations of Quebec Income Security Policy Framework.
- Apply the Income Security Policy Framework administrative procedures and keep track of updates and apply them as appropriate.
- Provide professional services to program beneficiaries, taking into account their personal needs.
- Establish healthy relationships with regional and provincial organizations with regard to income security, transfers to the province and employment.
- Conduct the annual reassessment in order to update the claimants’ files.
- Training for the implementation of a new work platform that unites all sectors of the Local Employment Office (LEO) (ALMASS).
- RESO training, 21 hours of training in terms of intervention and social reintegration.
- Hold team meetings to set-up the local employment office.
- Monitoring of individual plans for employable clients.
- Close collaboration internally with each department.
Activities relating to employment, training and special projects (social reintegration)
Regular meetings are held with the clientele to help and support them in their efforts towards employment.

- Develop the social reintegration project in collaboration with Recyclo Centre in Sorel for 6 participants.
- Hold team meetings for the implementation of the social reintegration plan.
- Meetings and weekly follow-ups with participants in the social reintegration project.
- Meetings with external resources for the clientele (psychologist, guidance counselor).
- Close collaboration with the Carrefour Jeunesse Emploi (CJE) so the clientele (16-35 years) has access to all employment services and programs.
- The LFNC and income security continue to work in close collaboration to improve customer service.

The project for setting up a Local Employment Office (LEO) continues.

BUDGET ITEM
Social assistance

In 2013-2014, the income security sector has paid almost $169,569.36 to income security program beneficiaries. According to statistics, these are our results over the last year:

<table>
<thead>
<tr>
<th>Social assistance costs</th>
<th>2013-2014</th>
</tr>
</thead>
<tbody>
<tr>
<td>Basic allocation</td>
<td>146,386.36 $</td>

<td>1,701.00 $</td>
</tr>
<tr>
<td>Total for 2013-2014</td>
<td>169,569.36 $</td>
</tr>
</tbody>
</table>

Data were collected internally (accounting dept.). They have not yet been verified with the accounting auditors.

Further information on budget items

Note 1: Constraint allocations are paid to individuals with physical or mental disabilities due to pregnancy, age (58+ years of age) or for children under 5 years.

Note 2: Special allocations are paid to individuals with special needs in the following situations: illness, pregnancy, school fees for a minor child, death of a family member, etc.
LAST RESORT ASSISTANCE 2013-2014

INCOME SECURITY PROGRAM ANNUAL

Statistics for the last three (3) years (2011-2012), (2012-2013) and (2013-2014)

In 2013-2014, the income security sector provided financial assistance to 24 families and their dependents monthly. The breakdown of the number of individuals assisted during the year.

To date, 405 individuals have obtained their Indian status under the amendments to the Indian Act – Gender Equity in Indian Registration Act.
By Eleanor Hoff, FNLC Agent

The programs of the LFNC are support and guidance measures, training and professional development measures, and employability measures. The following is a brief description of the measures:

SUPPORT AND GUIDANCE MEASURES

• Information about the job market, provide job notice boards, etc.
• To offer professional resources that can help the clients develop professional integration strategies

TRAINING AND PROFESSIONAL DEVELOPMENT MEASURES

• Enables individual clients to acquire the professional competencies required for a specific job
• Allows a client to finish her high school education in order to obtain a better job or allows a client to enter the work field

EMPLOYABILITY MEASURES

• Job creation initiatives provide employers with incentives to help clients re-enter the workforce and acquire work experience.
• Self-employment assistance provides members who want to start their own business with financial support during the first years of business operation

ALL THESE MEASURES ARE CONDITIONAL TO ODANAKS' LFNC POLICY.

The targeted clientele are natives living on and off reserve, not receiving allowances from education and not on an employment measure with social assistance. The main role of the LFNC is to offer training and job development services that promote short or medium-term integration into the on- and off-reserve job market. To enable individual clients to acquire the professional competencies required for a specific job. The program also allows clients to increase their skills in order to obtain a job or begin a new career, finish their high school studies in order to undertake post-secondary training or re-enter the labour force.

In the past year we assisted financially clients that have entered adult education, vocational training, provided employers with incentives to help clients enter the workforce and the client acquires sufficient work experience to move on to better paying jobs.
Here is a spreadsheet on the measures:

<table>

(A total of 94 members were financially assisted)

PARTICIPANTS THAT FINISHED COVATIONAL TRAINING AND ARE EMPLOYED

1. Heavy machinery operator (1)
2. Participant that was on social assistance and found a permanent job (1)
3. Dental assistant (1)
4. Accounting technicien (1)
5. Secretary (1)
6. Specialised salesman (1)
7. Students that went on to vocational training (not yet terminated) (2)

During the past year I did the following:

- Attended the regional meetings (4)
- Visited facilities where we have students (adult, vocational education)
- Attended meetings with Service Canada regarding the many changes for unemployment
- Attended 3 day training for social reintegration intervention
- Prepared the payments and monthly allowances according to our policy
- Did the follow-ups for all the participants
- Worked in close cooperation with adult education teachers for the progress of our participants
- Performed all clerical tasks
- Assisted and supported my colleagues with the use of ALMASS (Aboriginal Labour Market Adaptation Support System) with Social services and education depts.
- Many more tasks that are too numerous to enumerate

Eleanor Hoff
FNLC Agent
Although we have largely respected the five-year Community Health Plan (CHP), we spent considerable time in 2013-2014 to the accreditation process. Working committees were created in order to update the different Health Centre policies.

Not only have we updated these policies, but we had to draft others to meet Accreditation Canada requirements. These policies have been approved by the Band Council.

This year, our community was affected by the loss of some of our members who went through a terminal illness. We had to provide palliative or end-of-life care. With the cooperation from families and partners such as the Bécancour-Nicolet-Yamaska Health and Social Services Centre, we believe that we have provided these patients suffering from these diseases to leave us with dignity.

We worked towards updating the Emergency Response Plan (ERP) to better prepare ourselves in the event of an emergency.

Nurses this year made 614 home visits and there were 759 consultations at the Health Centre.

We also received 26 students from the Aboriginal College Kiuna for consultation.

One hundred people were vaccinated through the influenza vaccination campaign.

We worked in collaboration with the Grand Conseil de la Nation Waban-Aki regarding homecare related issues.

We presented a conference with Mikael Zewski with the theme of self-esteem and assertiveness.

Activities as part of the Diabetes Program included:
1) the Défi Course à la vie;
2) Kirano;
3) physical activity with children ages three to five at the Awëssisak day-care centre;
4) the winter carnival;
5) promotion of the active transportation campaign;
6) there were 275 consultations with diabetics;
7) 436 people attended the activities.

The Health Liaison Officer responded to 579 requests for services either by phone, in person or by email.

There were 344 medical transportations.

This year, we will continue to work in collaboration with the Grand Conseil de la Nation Waban-Aki.

We will conduct screening activities for babies.

We will work to raise awareness concerning domestic violence.

We received 5,777 telephone calls;

And 3,150 people showed up at the Health Centre for services.

Thank you for your trust.
ACTIVITIES REPORT 2013-2014

ABENAKI POLICE FORCE (CPDA)

By Éric Cloutier, Director

Values
The Abenaki police force (Corps de Police des Abénakis or CPDA) has three core values: respect, integrity and commitment. These values are the pillars that govern at all times the behaviour and actions of management, police officers and civilian personnel.

Mission
The mission of the CPDA is to protect the lives and property of citizens, to maintain peace and public safety, to prevent and combat crime and to enforce the laws and regulations in effect.

In partnership with the institutions, economic and social organizations, community groups and citizens of Odanak and Wôlinak, the CPDA is committed to promoting the quality of life of Abenaki communities by reducing the crime rate, improving road safety, promoting a sense of security and developing a peaceful and safe environment, in respect of the rights and liberties guaranteed by the Canadian and Quebec Charters.

Word from the Director
Hello all,

Openness, dialogue, transparency and continuous improvement are central to the relationship of trust between our citizens and CPDA officers. It is with this perspective that we have carried out our work in 2013, and the annual report was prepared based on these principles.

Our commitment towards continuous innovation and of challenging ourselves to attain optimal performance in our organization has led to a process of organizational transformation that began in 2009.

This approach focuses on the principle that the work done by CPDA personnel will be increasingly based on a citizen-based attitude; i.e. making the citizen the centre of its services while maintaining its partnerships with local players and the public.

I am proud to present our 2013 report, as a reflection of who we are: a responsive and dynamic organization interested in the needs and concerns of the people.

In particular, it demonstrates the bottom line of all our work: to serving you better.

In closing, I would like to acknowledge the commitment and dedication of all civilian employees and police officers who, by their desire to contribute and make a difference, have made possible the achievements listed in the following pages.

Éric Cloutier, CPDA Director
Road Safety
Improving quality of life, saving lives and promoting better sharing of the roads between motorists, pedestrians and cyclists. This sums up the focus of CPDA officers throughout the year.

With 600 traffic tickets issued this year, the CPDA showed its commitment towards road safety so that everyone feels safer on our roads.

The CPDA also made several road blocks against drunk driving which helped remove many impaired drivers from our roads. We also carried out several radar operations which helped us reduce the speed on our roads.

Crime Statistics
In 2013-2014, the CPDA handled 980 cases concerning many different issues. Of the 980 cases, the CPDA handled 70 criminal offences on our territory. Here is a list of these offences:

- 4 for assault
- 2 for criminal harassment
- 5 for uttering threats
- 5 for intimidation
- 4 for breach of bail terms
- 2 for breach of probation
- 7 for breaking and entering
- 3 for car theft
- 1 for theft under $5,000 in a vehicle
- 5 for other thefts under $5,000
- 1 for check fraud
- 11 for mischief under $5,000
- 1 for mischief over $5,000
- 1 for execution of arrest warrant
- 1 for sexual assault
- 1 for cannabis possession
- 12 for impaired driving
- 1 for hit-and-run
- 2 for night intrusion
- 1 for possession of methamphetamines

Other examples of cases that the CPDA handled which were not criminal:

- 18 for assisting the SQ
- 11 for assisting other organizations
- 143 for assisting the public or for public information
- 37 for trespassing alarms
- 30 for ambulance transportation
- Etc

Prevention and Training
Following the request from citizens of Odanak in the past year, we held another child identification day. This activity allowed us to identify 28 children who came with their parents to take advantage of this free service which can help track a child much faster in case of disappearance or abduction.

We have also conducted an awareness campaign towards motorists and the general public to stress the importance of locking their doors to prevent theft.

We have conducted several car-seat monitoring campaigns at the day-care centre and at the police station. Please note that our staff is adequately trained by the SAAQ to effectively respond to all questions related to car seats.

In terms of training, the CPDA provided a child abuse training session to encourage the reporting of abuse and to provide the necessary tools in the event of abuse. We have also provided active shooter training to the Kiuna personnel as part of the Anastasia Act, and we have provided aggressive-client training at the Odanak Band Council, Odanak health Centre, Odanak day-care centre, Wôlinak Band Council and the Wôlinak Health Centre.
Kiuna College

It has already been over a year since we introduced the community police officer project at Kiuna college. We have added an extra feature at the college. We now have a community police officer present during the evening and at night in the student housing area. This project has been a success across the board and has helped decrease crime by 100% and the relationship between community members and students.

The primary role of the officer is to allow the Police Force to establish a relationship of trust with Kiuna students, which includes:

- Educating students concerning their behaviour in the Odanak community,
- Promoting services provided by the CPDA,
- Identifying problems at the college and residences through Kiuna students and staff,
- Preventing any situation that could affect the safety of students and student residences,
- Establishing means (problem solving) to act in the event of imminent and/or current problems.

We are pleased to announce that the project will be renewed for 2014-2015. In fact, the CPDA and Kiuna are currently working on drafting a new agreement to improve the services currently offered.

Conclusion

Finally, as you can see, your Police Department takes its responsibilities for public safety seriously. Be assured that we will continue to offer the best possible service.

Thank you and be safe.

Éric Cloutier

To the members of
Odanak Band Council

The accompanying summary financial statements, which comprise the summary statement of financial position as at March 31, 2014 and the summary statements of revenues and expenses, surplus under A.A.N.D.C. rules, revenues and expenses, surplus under A.A.N.D.C. rules and fund balances - by department and segment information and the summary statement of change in net financial assets for the year then ended, and a summary of significant accounting policies and other explanatory information, are derived from the audited financial statements of Odanak Band Council for the year ended March 31, 2014. We expressed an unmodified audit opinion on those financial statements in our report dated July 18, 2014. Those financial statements, and the summary financial statements, do not reflect the effects of events that occurred subsequent to the date of our report on those financial statements.

The summary financial statements do not contain all the disclosures required by Canadian public sector accounting standards. Reading the summary financial statements, therefore, is not a substitute for reading the audited financial statements of Odanak Band Council.

Management's responsibility for the summary financial statements
Management is responsible for the preparation of a summary of the audited financial statements in accordance based on criteria describe in Note 1.

Auditor's responsibility
Our responsibility is to express an opinion on the summary financial statements based on our procedures, which were conducted in accordance with Canadian Auditing Standard (CAS) 810, "Engagements to report on summary financial statements".

Opinion
In our opinion, the summary financial statements derived from the audited financial statements of Odanak Band Council for the year ended March 31, 2014 are a fair summary of those financial statements, based on criteria describe in Note 1.
Observation
Without modifying our opinion, we draw attention on the fact that Odanak Band Council includes in its financial statements certain financial information that are not required upon the Canadian public sector accounting standards. These informations, established in conformity with Aboriginal Affairs and Northern Development Canada, are the summary statement of surplus under A.A.N.D.C. rules.

Contingencies and commitments (Notes 3 and 4)

APPROVED ON BEHALF OF THE COUNCIL

Richard O’Bomsawin, chef
Claire O’Bomsawin, conseillère
Rejean O’Bomsawin, conseiller
Mathieu O’Bomsawin Gauthier, conseiller
Alexis Wawanoloath, conseiller
1. **Summary financial statements**

The summary financial statements present historical financial information derived from the complete financial statements and are less detailed than them.

They include complete financial statements, with the exception of cash flow statements, and some information from the notes to the complete financial statements. They do not include complementary information of revenues and expenses, budget data and some complementary notes included in the complete financial statements.

To obtain a copy of the complete financial statements, a request must be made to the Odanak Band Council management.

2. **Various reserves**

3. **Contingencies**

*Potentially refundable loans*

Loans extended by the Canada Mortgage and Housing Corporation for a total amount of $97,203 concerning the R.R.A.P. program are payable by annual payments varying between $2,612 and $3,200, gratuitously and fall due between May 2015 and August 2018. As of March 31, 2014, the loans balance is $47,182. The loans are conditional upon the maintenance of the homeowner's title to the houses. In default of which, the loans become due.

*Guarantees*

The Council endorsed loans contracted by community members for the acquisition of personal residences for a maximum amount of $2,483,888. As of March 31, 2014, these loans endorsed total $1,783,914. Furthermore, the amount the Council might have to pay in the event of default by the Community members cannot be determined with precision. Any payment by the Council would be charged as expense in the year they occurred.

In addition, the Council jointly and solidarily guarantees loans contracted by the Société Historique d'Odanak (Musée) for maximum amount of $1,325,000. As of March 31, 2014, these loans total $1,140,263. The amount the Council might have to pay in the event of default by the Société Historique d'Odanak (Musée) cannot be determined with precision. Any payment by the Council would be charged as expense in the year they occurred.
3. Contingencies (continued)

*Eventual liability*

The Council entered into contribution agreements with various federal government departments. The funding provided under these agreements is subject to a refund if the Organization does not comply with their conditions.

4. Commitments

The Organization contracted agreements that fall due through 2019. Future payments amount to $391,806. Payments required over the next five years are as follows:

<table>
