

ECOCENTER

# ATALIKW8ZAKAMER

**QUICK**  
USER'S MANUAL

ODANAK MEMBERS

# HOW DOES IT WORK?

## SCHEDULE

- Open from May to November.
- Closing at the first snow accumulation on the ground.
- Closed on Tuesday following a holiday (Wednesday during the fall schedule).

For the detailed schedule and the list of holidays, visit the website: [caodanak.com/en/ecocentre](http://caodanak.com/en/ecocentre)

## BRINGING RESIDUES

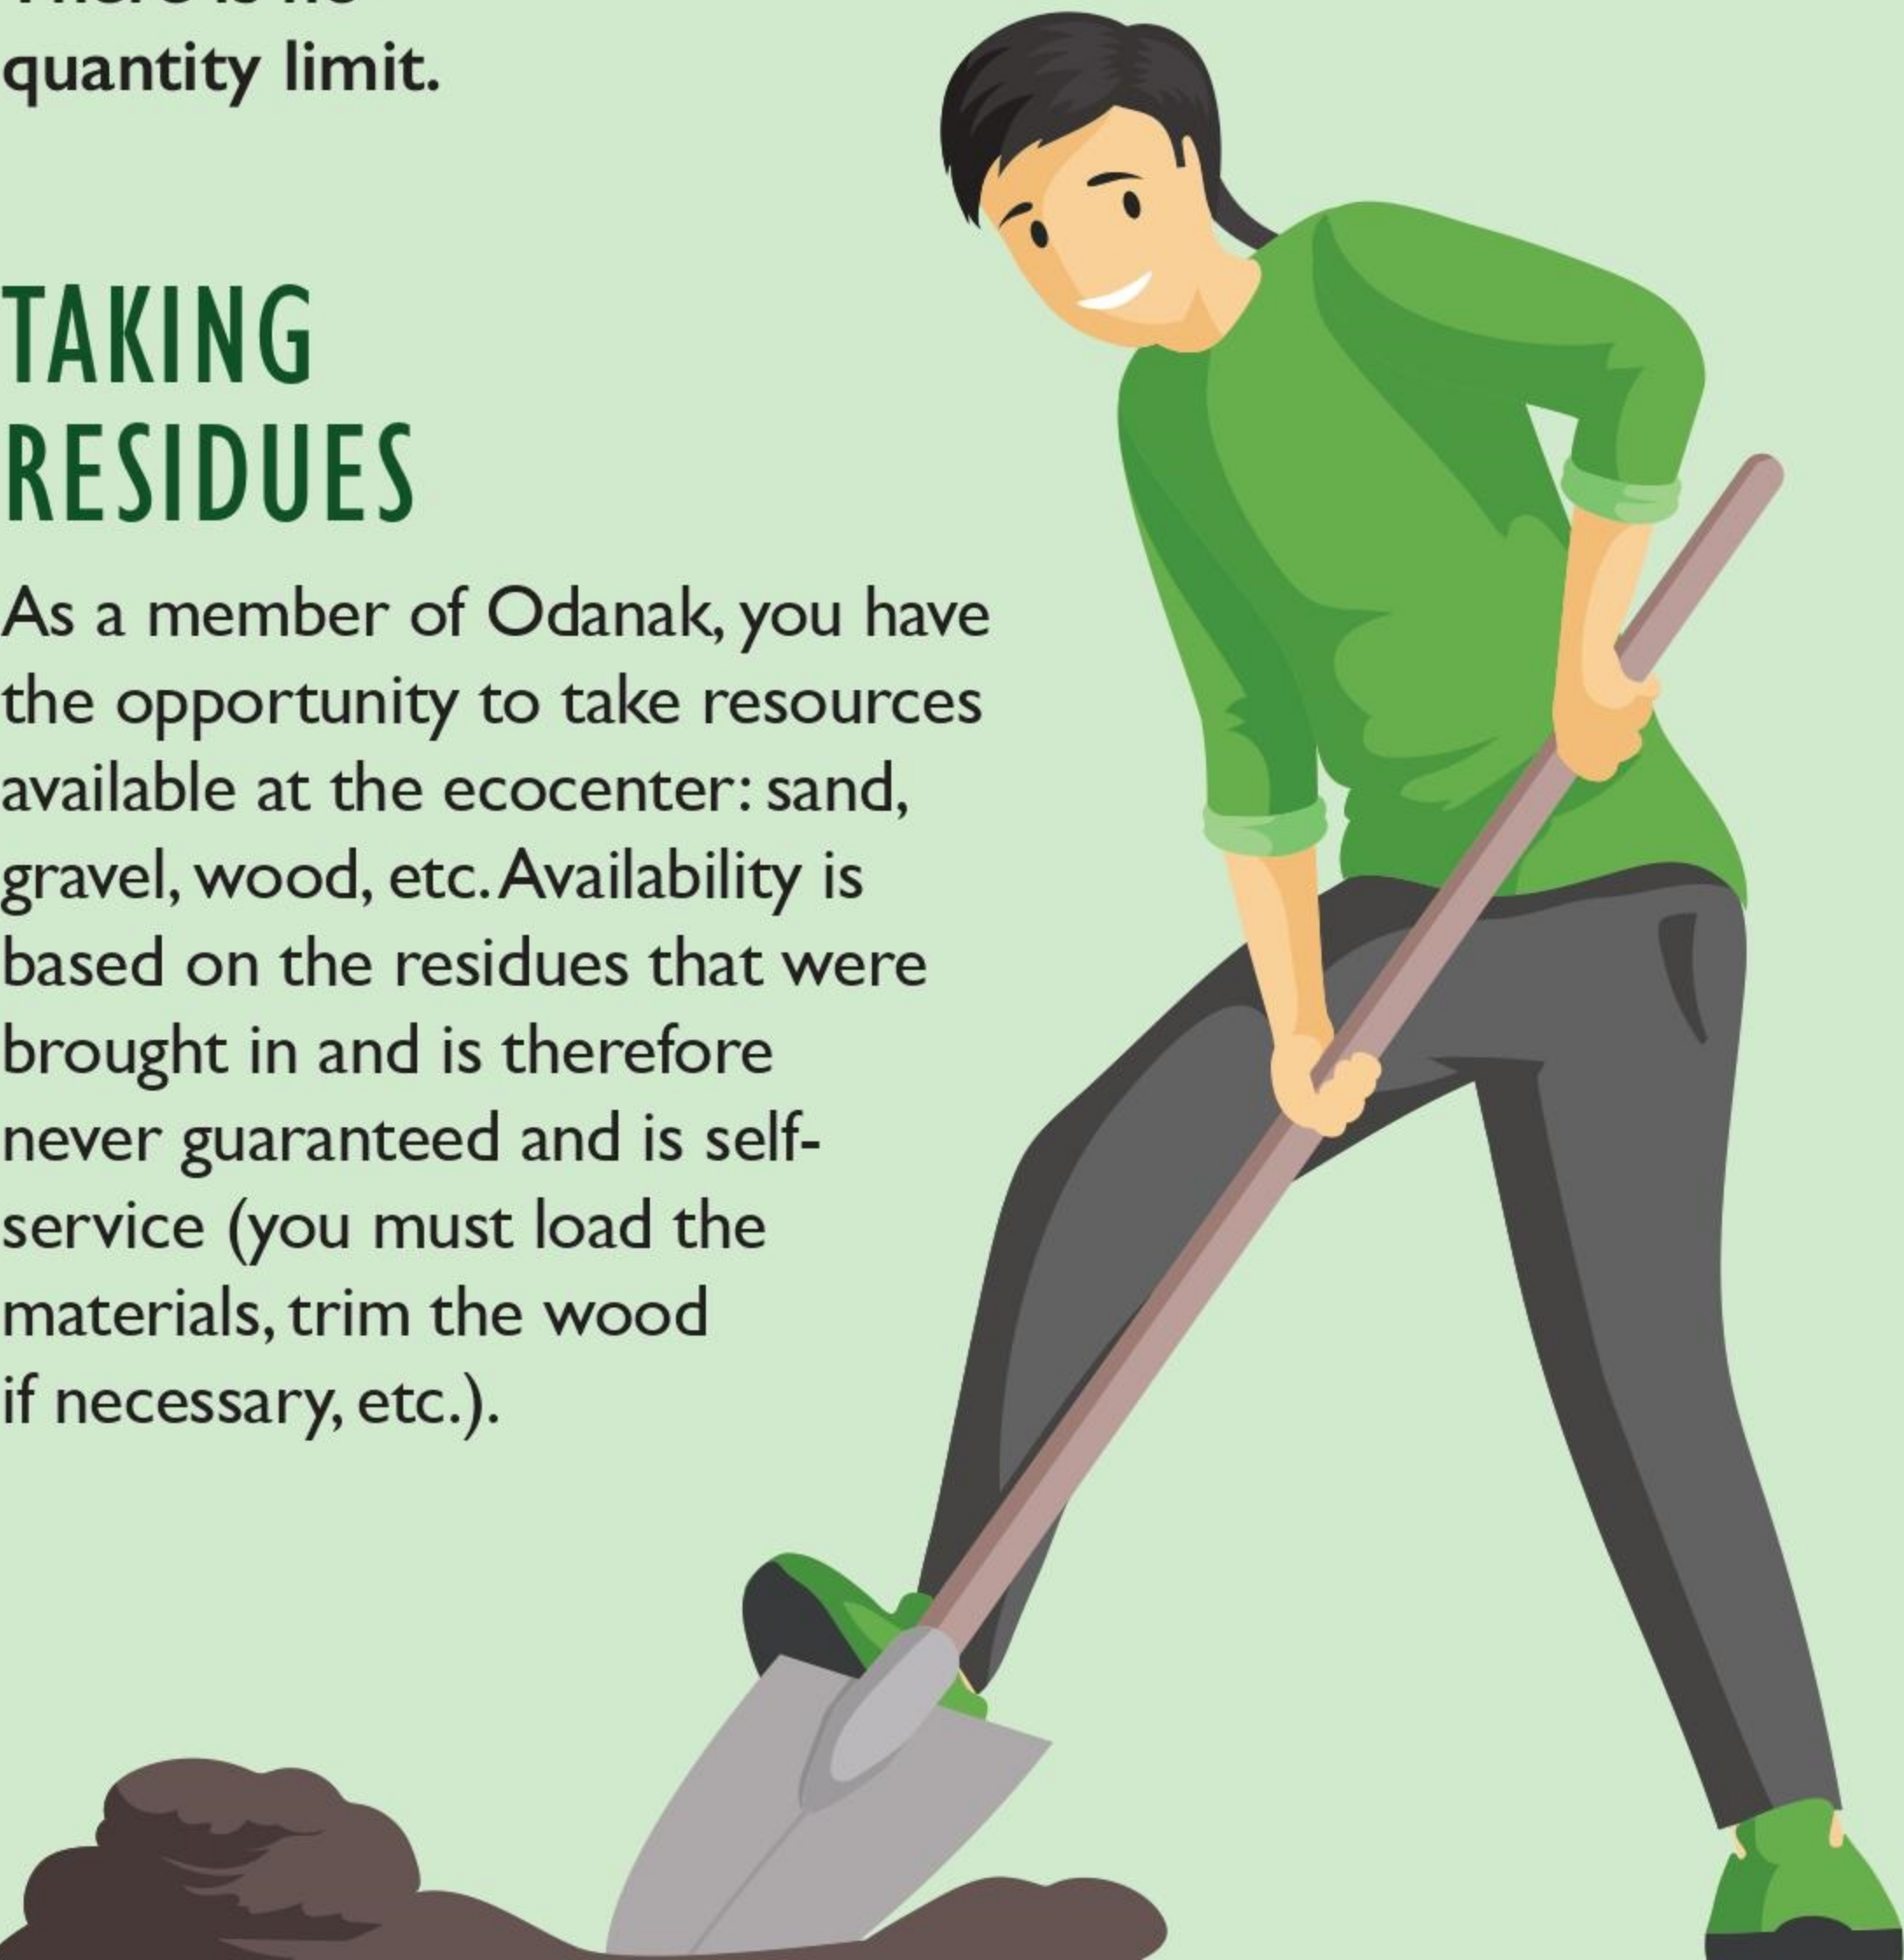

Simply show up **during opening hours** with your materials and **be able to unload them yourself**.

1. Immobilize the vehicle and identify yourself with an official document with address.
2. The attendant will check your materials and let you know where to unload.
3. Unload yourself, following the instructions of the attendant.

There is no quantity limit.

## TAKING RESIDUES

As a member of Odanak, you have the opportunity to take resources available at the ecocenter: sand, gravel, wood, etc. Availability is based on the residues that were brought in and is therefore never guaranteed and is self-service (you must load the materials, trim the wood if necessary, etc.).

# REGULATIONS

Do not use the ecocentre outside of opening hours

Do not use machinery or a tipping trailer

Do not detach the safety guardrail

Do not go down into the container

Do not smoke on the site

Do not hunt on the site

The speed limit on the site is 10 km/h

Young children and pets must stay inside vehicles
